Forward the petition of Capt. K.S. Shadakshariappa, Asstt. Surgeon requesting that he may be allowed to continue in the old grade of Asstt. Surgeons, II class on Rs. 150-10-200 and to count incremental due to him in that grade from 26-2-47 and recommends that he may be allowed to draw the maximum of the grade pay viz Rs. 200/- from 13-8-1946, the date on which he joined duty in the Civil Hospital after his release from war service without prejudice to the seniority of other Officers in the grade.

2/ In the allocation statement of Assistant Surgeons, II class, Capt. K.S. Shadakshariappa's pay has been fixed at Rs. 100 in grade 100-10-200 from 14-12-1944

Submitted for orders

G.S.I.R. 2/ Mr. Shadakshariappa is in the existing grade of Rs 100-10-200, but he is drawing Rs 120/- in grade from 14-12-46. As he has been recommended for a pay of Rs 200/- the maximum of the grade from 13-8-46, without prejudice to the seniority of other officers in the grade.

3/ Orders have since been issued fixing the grade of pay. Now there will be only one existing grade for all

15) In the last para of his petition, Dr. Shadakharappa says that he held the post of a II class Asst Surgeon on Rs 150-10-200 and that he may be continued in that post. At the time of his recruitment to the post of a medical officer in the M.S.D Station Hospital, there were three class of Asst Surgeons and this officer was appointed as II class Asst Surgeon on Rs 150-10-200. When such is the case, do not the provisions of para 6 clause (iii) of the printed circular apply to his case in fixing up his rank as is indirectly represented by him? The S.S. may be consulted unofficially on this point.

1c) The facts relating to the claim of Mr.K.S.Shadaksharappa have been explained in my letter No.C.1886-1 dated 28-1-1947. It is no doubt true that there were three classes of Assistant Surgeons at the time Mr.K.S. Shadaksharappa was appointed as Medical Officer, of the Troops Station Hospital on a grade pay of Rs.150-10-200 which correspond to the grade pay of Assistant Surgeons II Class. But the post of Medical Officer for the Troops Station Hospital on Rs.150-10-200 was created at that time as a special appointment temporarily for the duration of war (please vide Government Order No.G.6620-4/Med.157-41-2 dated 27-12-1941) and Mr.Shadaksharappa was appointed to this post subject to the conditions mentioned in the Government Order referred to above. As per provisions of para 6, clause 4 of the printed circular relating to the recruitment of Medical Officers to the Indian Medical Service, the officer who volunteered for war service has the right, on return to civil duty, to resume the appointment which he was previously holding or an appointment of the same class and carrying not less pay. This provision has I think, reference to substantive posts held by officers prior to their enlistment. In the present case the post of the Medical Officer, Troops Station, Hospital, was a tenure appointment for the duration of war and it ceased before Mr.Shadaksharappa returned from war service. In view of this fact, I do not think that his claim for retaining the lien on the temporary post of Medical Officer on Rs.150-10-200 is tenable. If this is granted, his rank amongst the Assistant Surgeons II Class will be above Mr.D.R. Nanjappa resulting in the supersession of 35 officers.

1d) The special circumstances relating to the appointment of Mr.Shadaksharappa including the fact that he was already in receipt of the grade pay of Rs.150-10-200 and the higher standard of work done by him in the Emergency Commission, however call for special consideration in fixing his pay after his return to civil service. I have therefore recommended him for the grant of the maximum pay of Rs.200/- as a special case from 15-8-1946, without prejudice to the seniority of others.

20) The recommendation of the S.S. TVD. is for perusal and orders the representation of Dr. Khadakbharoppa is for not only for giving him enhanced pay but also a suitable rank on the ground that he was appointed for the Mysore State Troops as a II class Asst. Surgeon in grade Rs 150-10-200. At the time of his appointment in the M.S.T, he was only a temporary Medical Practitioner in grade Rs 80/10-200. The S.S. has recommended a pay of Rs 200/- in the present revised grade of Rs 150-10-200 of Asst Surgeons from the date of his return to duty i.e from 13.8.46. As regards a higher rank for him, he is not in favour, as it would supercede 35 of his seniors on the notification issued by Govt, showing certain concession to persons who rendered war service, it is stated that such persons, on return to civil duty, will have a right to resume the appointment which he was holding or an appointment of the same class and carrying not less pay. The S.S. is of opinion that his concession has reference

to the substantive post held by the officer. But it is not explicitly stated so in the said notification. No doubt Mr Shadakshara Appa was appointed pure to civil side as a II class Asst Surgeon in a temporary establishment specifically meant for the M.S.F. during the war emergency. When the post was advertised, he was the only person who offered his services unconditionally, knowing that he had to move ex-State limits to unit for active service. The said the unit did not move ex-State subsequently. However this officer who seemed to have made up his mind to render active war service, went away and joined the Indian Army Medical Service where his services have been very much appreciated. Also S.S. also state that the said officer had done higher standard of work in the Indian Army. The outstanding fact also is that at a time when the S.S. was hard-pressed for medical men for the

Final Note by the Minister for Education and Public Health

Subject— Grant of enhanced emoluments to Captain K.S. Shadaksharappa, Assistant Surgeon

37) Sanction was accorded in the Government Order dated the 23rd December 1941, for the creation of post of a Medical Officer, Mysor State Troops, Bangalore, in grade Rs.150-10-200, the post being temporary and outside the cadre of the medical department and likely to cease after the termination of the war and the candidate selected being liable to be called out to go with the troops on active service. In the Government Order dated 23rd February 1942, Mr. K.S. Shadaksharappa, M.B.B.S., Medical Probationer, working in the Victoria Hospital who volunteered for the post on the above terms was, on the recommendation of the Selection Committee constituted for the purpose, appointed for the above post, on a pay of Rs.150/- per mensem. The Mysore State Troops did not actually move out and Mr. Shadaksharappa continued in the State Troops at Hebbal till 7th February 1943 when he volunteered and secured an Emergency Commission in the Indian Medical Service. The Chief Commandant recommended in his letter dated 26/27th July 1943 that, though Mr. Shadaksharappa's appointment as Medical Officer of the Mysore State Troops Hospital was for the duration of the war, he may be permitted to have a lien on this appointment for the duration of the war and to join this appointment on relinquishing his Emergency Commission in the Indian Medical Service and that the post of Medical Officer, Mysore State Troops Hospital should not be permanently filled up and should be one of the 25 per cent of the Assistant Surgeons' posts to be reserved for absorption of medical graduates volunteered for war service. Government, after examining the matter in consultation with the Senior Surgeon, informed the Chief Commandant that no such reservation could be made and that he could have lien on his appointment as a Medical Probationer in the Medical Department. Mr. Shadaksharappa (now Captain) was released

from Army service on 31st July 1946 and he has joined the Medical Department. Captain Shadakshrappa now requests that, in view of the fact that he was the first to volunteer for War Service and that he was appointed II-class Assistant Surgeon in Mysore State Troops service, he may be given enhanced pay and a higher rank in the cadre of Assistant Surgeons. The Senior Surgeon states that Mr. Shadakshrappa has, in the usual course, been promoted as Assist-ant Surgeon II-class on 100-10-200 (since revised to 150-10-250-25-450) and is entitled to a pay of Rs.100/- per mensem from 14th December 1944 and that higher rank cannot be given as it involves his seniors in the grade and recommends that, in recognition of the special circumstances of his case, he may be allowed to draw Rs.200/- in the revised grade 150-10-250-25-450 with effect from 13th August 1946 without prejudice to the seniority of the other officers in the grade. When the file was submitted to me, I minuted as follows:-

> "The appointment which Mr. Shadakshrappa held in the the State Troops at the time he volunteered for War service was a temporary post carrying the grade 150-10-200. Consequent on his joining War Service the question of his lien was discussed in the file, Med/339-42-23 and he was given his original lien as Medical Probationer in the Medical Department. As a result of this, he now becomes entitled to the revised grade 150-10-250-25-450 which is decidedly a better grade than 150-10-200. The Senior Surgeon has, as a special case, recommended the grant of Rs.200/- with effect from 13th August 1946, the date on which he returned from War Service. This is a reasonable proposal and I agree to it. The Education Secretary with whom I discussed this question is of the same view. Grant of any further concession in his case would create inconvenient precedent."

The matter was considered at the meeting of the Council of Ministers held on the 17th October 1947 and it was resolved as follows:-

"Captain Shadaksharappa may be given Rs.220/- per mensem from August 1946. The revision of salaries has been taken into consideration in fixing this pay. The relative seniority is not affected by the pay fixed."

Sir,

The Secretary to the Government of

Representation of Capt.K.S.Shadaksharappa, M.B.B.S.,
Assistant Surgeon.

In submitting herewith the representation of Capt.K.S.Shadaksharappa, M.B.B.S., Assistant Surgeon II Class, Minto Ophthalmic Hospital, Bangalore, requesting that for reasons stated, he may be allowed to continue in the old grade of Assistant Surgeons II Class on Rs.150-10-200 and to count increments due in that grade from 26th February 1942, I have the honour to state that prior to his appointment as Medical Officer, Troops Station Hospital, Bangalore, Capt. Shadaksharappa held the post of a temporary Medical Probationer on Rs.80/- for the period from the 20th June 1941 to 25th February 1942. He was appointed as Medical Officer, Troops Station Hospital, Bangalore in 1942 on a special grade of pay viz., Rs.150-10-200 on certain conditions and had he continued in this post on the same conditions or if he had moved out on War Service with the Mysore Lancers, he would have been entitled to have a lien on the post of Rs.150-10-200. But he volunteered for service in the Emergency Commission and with the posting of another Assistant Surgeon from the Medical Department in his place, the temporary arrangement ordered in the Government Order No.G.6620-4/Med.157-41-2 dated the 23rd December 1941 ceased. Mr.Shadaksharappa had, therefore, to revert to the post of Medical Probationer and held the lien on this post during his service in the Army. He joined the Emergency Commission on 7-5-1943 at Lucknow and was released from Army Service on 31-7-1946. In the meanwhile, he has been promoted as Assistant Surgeon II Class on Rs.100-10-200 and is entitled to a pay of Rs.100/- from 14-12-1944. The conduct and work of this officer during the period of his employment in the Mysore Medical Service were very satisfactory and I have also had good report of his ability and enthusisasm during his service in the Army. In the Emergency Commission, he was selected and taken as a graded specialist in medicine and was allowed the special grade pay attached to the post I enclose herein copies of testimonials which speak for his conduct and standard of work in the Army. Capt.Shadaksharappa was the only officer who offered his services when I was stranded in the matter of recruiting a suitable officer to move with the Mysore Troops on War Service and I feel that his services should be specially recognised. I recommend that he may be allowed to draw the maximum of the grade pay viz., Rs.200/- from 13-8-1946 the date on which he joined duty in the Minto Ophthalmic Hospital, Bangalore, after his return from War Service without prejudice to the seniority of other officers in the grade.

I have the honour to be,
Sir,
Your most obedient servant,

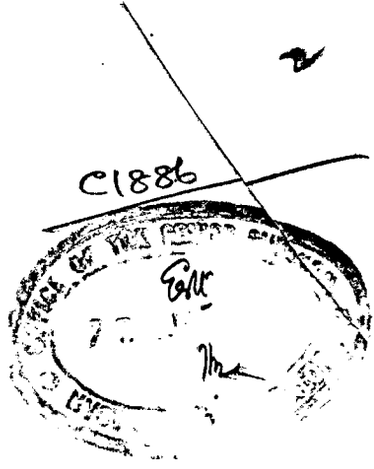
Senior Surgeon.

To

The Senior Surgeon
with the Govt. of Mysore,
Bangalore,

Through

The Superintendent,
Minto Opthalmic Hospital,
BANGALORE.



S i r,

1) I beg to submit the following representation for favour of very sympathetic consideration:-

2) I was appointed Medical Probationer in July 1941 and posted to the Victoria Hospital, Bangalore.

3) During 1941 December, when there was the apprehended threat of Japanese invasion of India, our State decided to send a Special Service Unit of the State Forces for active Service. Applications were called for the post of Medical Officer in charge of the Mysore State Troops Station Hospital, Hebbal, with liability for active service attached. Even those applicants who were members of the Medical Department would not offer their services. The post, therefore, lay vacant although the movement of the Unit was then certain, and the need for the appointment of a Medical Officer to accompany the troops was urgent. It will be realised that the post of Regimental Doctor involves not only severe strain, but also extreme risk of life as he has to move into the thick of the battle. In spite of the inherent risks involved and the extremely exacting nature of duties, I readily agreed to take up the post, Service of my country being the predominant factor that prevailed on this occasion.

4) On your kind recommendation, Government appointed me as Medical Officer in charge of the State Troops, with the Military rank of Captain, in the grade -

Rs.150-10-200, the then existing grade of II Class Assistant Surgeons, the appointment being considered as outside the Medical Cadre and a vacancy of a II class Assistant Surgeon being kept vacant in the Departmental cadre. I was thus the first Medical Graduate of our University to voluntarily accept War Service.

5) Within a short time after I assumed charge of the State Troops Hospital, I was given pre-embarkation leave to prepare myself to accompany the Unit. But to my great disappointment, the Troop movement was cancelled at the final stages. I, however, continued in the post for the next 14 months, earning the first increment in my grade and the Chief Commandant was so well pleased with the good work done by me that he recommended my emoluments to be raised to Rs.250/- a month. I may be permitted to state here, that this post is one which is normally held by a senior officer of the Medical Department, even in peace times when the work is not half as exacting and onerous as in war time. It will thus be seen that the salary I was then allowed to draw was neither adequate for the strain and responsibilities involved, nor compared favourably with what similar officers in Indian Medical Service were paid.

6). With a sense of frustration that I got no opportunity for real War Service, I submitted an application for Commission in the Indian Medical Service to be forwarded only in case there was no prospect of the Mysore Unit moving out and requesting that in the event of my securing a post in that service, I might count upon my lien on the post I then held in the Mysore State Troops. With your kind support, I succeeded in getting a Commission in May 1943.

7) I joined the Indian Army as a general duty officer, but by dint of devoted and hard work, I was given the post of graded medical specialist carrying an allowance of Rs.100/- per month. Subsequent to this, I was placed in independent charge of all the medical cases of a combined general hospital, which had both British and Indian patients of all ranks.

8) Being a graded specialist, my name was included in the list of army specialists and my demobolisation was, therefore, due only about May 1947; but, owing to urgent recall by our Government, I was released in July 1946. At the time of relief, my emoluments in the aggregate were Rs.1,080/- per month and it will be seen thereby that I have not only sustained a heavy loss of about Rs.10,000/- but have also foregone the chance of enjoying the peace time luxury of army life, after all the strain of war work.

9) I beg to invite reference to Government letter No.G.5/Med.339-42-3 dated 5th October 1943 to the Chief Commandant, Mysore State Troops ([redacted]), wherein it is stated that "The fact of my having readily offered my services with the State Troops when others were reluctant will be taken into consideration when the time comes."

10) That time I wish to say, Sir, has now come and I request you to support my case as a special one on account of the following considerations:

1) My ready and voluntary offer of service for war work when others even in the Department had withdrawn.

2) The recommendation of the Chief Commandant for raising my ~~previous~~ emoluments to Rs.250/- per month.

3) The kind assurance of Government to consider my claims in due time.

4) The service rendered by me both in Mysore and Indian Medical Service and the credentials attached will speak for themselves.

5) My emoluments of Rs.1,080/- per month at the time of my recall.

6) The heavy financial loss sustained by being recalled long before the date of my demobolization.

7) The wide experience and professional knowledge that I have obtained during my service overseas. 32 months.

11) In this connection, I beg to invite reference to the accompanying printed circular wherein are embodied various concessions sanctioned by our Govem ment from time to time to Civil Medical Officers joining Indian Medical Service.

12) To these concessions every officer returning from War Service is entitled but my claim stands on a different footing as indicated above in detail and as also acknowledged by Government in their letter dated 5th October 1943, referred to in para(9) supra.

13) In the circumstances narrated above, I request you to kindly recommend my claims for special and sympathetic consideration by Government as per para 6 Cl.iii of the printed circular, in addition to my being permitted to continue in the appointment of the old grade of II class Assistant Surgeon in Rs.150-10-200, which I held prior to my enlistment to Indian Medical Service and to count the increments due thereon from 26th February 1942 when I joined the appointment.

Subject: Testimonial

M/17702 Capt K.S. Shadaksharappa.

I have pleasure in writing a testimonial for the above named Officer.

I have known his work as a Medical Specialist (Graded Physician) in this Command intimately for the past eleven months and it has been most consistently satisfactory. He is steadily improving and is developing a very good judgement in addition to his very good theoritical knowledge.

He is still a compratively young man and I have no doubt that he will go a long way in his profession.

He is a most pleasant and co-operative colleague and has done very good work indeed wherever he has been posted I can unrestrictedly recommend him for any post of responsibility in his Speciality.

No. C1886-3 OFFICE OF the Senior Surgeon in Mysore,
Encls. Bangalore,

Date 29/3 Dated 27th March 1947.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Education Department, Bangalore.

Sir,

Sub:-Grant of higher pay to Capt. K.S. Shadaksharappa, Assistant Surgeon.

With reference to your letter No.M.9692/Med.121-46-9 dated the 21st February 1947 on the above subject, I have the honour to state that there is no record of any assurance given to Capt.Shadaksharappa regarding his future pay and rank in service at the time he was recruited as Medical Officer for the State Troops Hospital on a pay of Rs.150-10-200 (vide Gover-nment Order No.G.8731-3/Med.157-41-4 dated 23rd February 1942). In this connection, I invite reference to para 2 of my letter No.C.4433-12 dated 14-2-1942 recommending the appointment of Mr.Shadaksharappa as Medical Officer of the State Troops Hospital and stating that "Government may be pleased to separately consider and give Mr.Shadaksharappa-after the war- a suitable high rank in the Department if he should acquit himself properly in the Army." Further, it was mentioned in my unofficial Note No.C.2890-9 dated the 25th August 1943 that the question of confirming Mr.Shadaksha-rappa or granting him any enhanced emoluments may be taken up after his return from War Service, and that his services may be specially recognised after the War in view of his willing and helpful offer to serve with our Troops when all other Medical men were reluctant. It is in view of these special considerations of his case that I recommended that Capt. Shadaksharappa be allowed to draw the maximum of the grade pay of Assistant Surgeon viz., Rs.200/- (old grade) from 13th August 1946 without prejudice to the seniority of the other Officers in the grade. Now that the pay of Assistant Sur-

P.T.O.

Surgeons has been revised and fixed at Rs.150-10-250-20-450 I propose that Capt.Shadaksharappa be given a pay of Rs.200, in the revised grade, without prejudice to the seniority of others.

I have the honour to be
Sir,
Your most obedient servant,

Senior Surgeon.
